## **INTRODUCTION**

### ***Mission and Statement of Partnership***

#### **Our School**

We, the trustees, management, staff, parents, guardians and students of Salesian College, following the ideals of Don Bosco, are committed to creating and maintaining a caring Christian environment, which fosters respect for self, for each individual, especially the disadvantaged, for all creation and for truth, and in which all our students can develop to their full potential and become responsible citizens, equipped with the skills that they need to successfully meet life's challenges.

The Characteristic Spirit of the school was passed on by St. John Bosco, the founder of the Salesian congregation. In short, the essence of this Spirit is to create Good Christians and Honest Citizens.

The aim of Salesian Education is to create an environment which is warm and hospitable within which young people can experience a fully human, spiritual and educational formation.

This environment requires all stake holders - that is Parents/Guardians, Teachers, Students, the Minister for Education and Trustees in the school community to respect others, be responsible and cultivate a caring community.

The school endeavours to have at its core the key elements of the Salesian Charter. We hope that these elements will influence our work and help us influence the education of our students.

#### ***Salesian Charter:***

- Family Spirit
- Good Christians and Honest Christians
- Empowerment
- Spiritual Journey
- Joy and Celebration

#### ***The School Crest:***

The logo of the Salesians of Don Bosco is made up of two images:

In the background a stylised 'S' (Salesians) in white formed within a sphere like a globe.

The image in the centre of the globe bridging the 'S' road symbolised Don Bosco and the Salesians walking with the young through the world. This symbol can also be seen as a family home.

#### ***Our History***

Salesian College was established in 1981. The school is an all-boys only voluntary secondary school with approximately 700 students for 2019-2020.

#### ***The School Community***

The school community is the students, teachers, parents, management, secretarial and ancillary staff of Salesian College, Celbridge.

#### ***Parental involvement***

- The school places a strong emphasis on partnership with parents to ensure the best possible progress of each student. Education is viewed as a joint effort between student, parents and school.
- As a consequence, great emphasis is placed on mutual co-operation.
- Contact with parents is maintained through regular parent/teacher meetings and by means of formal reports issued twice yearly. Parents are welcome to meet any teacher by prior arrangement.
- This Student Journal is used as a means of ongoing communication between the school and parents/guardians.

## STUDENT LEARNING AND BEHAVIOUR

## UNACCEPTABLE BEHAVIOURS

Students who consistently display negative behaviour are encouraged by teachers to adopt more positive behaviour patterns. No school code of behaviour could possibly describe and pre-empt all possible behaviour scenarios. The list of unacceptable behaviours is not exhaustive. These interventions will be documented on the student's school record and kept on file.

This list is not exhaustive or in any prioritised order.

It will be at the school's discretion to decide which intervention should be used.

### ***Behaviour Card System***

- When a student's behaviour in class is not satisfactory (for example by three disciplinary notes in the journal) he may be put on a Behaviour Monitoring Card by the Yearhead.
  - Over a two week period, his behaviour and performance in class is monitored by the Year Head and by parents/guardians.
  - Only two types of comments will appear on a Behaviour Monitoring Card – Satisfactory or Unsatisfactory.
  - If an “unsatisfactory” remark is put on the report card, the teacher must write a clear and precise report describing in full detail the explanation of the unsatisfactory behaviour.
  - Two unsatisfactory comments in a five day period *may result* in a suspension of up to three days.
  - A student may be suspended following one “unsatisfactory” comment based on the nature of the incident.
  - Students who are suspended while on the Behaviour Monitoring Card will continue on the card on their return to school.
  - If there are further disciplinary problems after two cards a student may be suspended.
  - Parents/guardians are always notified when a student is put on a Behaviour Monitoring Card and must come to the school meet the Year head.
  - A suspension sanction will be considered due to failure to adhere to this intervention and support or the repeated continuance of a card over more than 10 school days.
- 
- When a student is put on a card for the first time the Year head will check that relevant resources are available to the student to help him cope with and adapt to school rules and procedures.
  - Parents/guardians will be asked to come to the school to review their son's progress.
  - If a student is put on a card for a second time in the course of an academic year, the parents/guardians must come to the school to meet the Year head.
  - All suspensions are formally reported to the Board of Management.
  - If a student continues to be disruptive and non co-operative, the parents /guardians may be requested to meet with the Deputy Principal or Principal following a detailed report from Yearhead.
  - Based on a report from the Principal the Board of Management may decide to invite the student's parents/guardians to a meeting.
  - The Board of Management has the option of permanently excluding a student from the school if the student's behaviour is deemed by the Board to be of an exceptionally serious nature.

- Parents will be invited to attend a meeting with the Board of Management before the Board decides to permanently exclude a student.
- The school will adhere to its Suspension and Expulsion Policies in relation to such matters.
- Such report cards are a valuable tool to monitor the intentional good efforts of students to make improvements and to progress and also as a positive record for both the student and parents.
- Any student who is placed on report must ensure that the report is signed daily by the Year head and also by parents.
- This ensures a combined support structure for the student.

Teachers and students have a right to work and study in an environment free from disruption and harassment. The school is not responsible for the loss or theft of any personal items such as mobile phones, coats books, equipment etc. In the interest of health and safety and well-being of all the school community, the school authorities, Principal, Deputy Principal, and Senior Management may have to take a decision to immediately remove a student from the school premises.

All members of the school community, teachers, students, staff, SNAs, parents and guardians will fully comply with Covid-19 measures and protocols that are implemented for the health and safety of all staff and students.

On very rare occasions and always as a last resort, the Board of Management may decide to exercise its right to permanently exclude a student from the school because his behaviour is adversely impacting on the rights of his teachers and fellow students. Every effort is made to counsel, advise and direct a student whose disciplinary record has the potential to lead the Board to exclude him from the school. Parents/guardians are asked to give every co-operation with school personnel when their son's behaviour in school is disruptive.

## **LEGISLATION & OTHER SCHOOL POLICIES WHICH ALSO ENSURE THE EFFICIENT ORGANISATION OF SALESIAN COLLEGE CELBRIDGE**

The various legislative acts lay down criteria which should be met to ensure that the different stake holders can work in a dignified environment which is caring and respectful of their rights. Everybody has a right to work, study and relax in an atmosphere free from bullying, (which includes cyber bullying) abuse and harassment of any kind. All stake holders have a responsibility to ensure that the rights of others are fully respected. Given that the culture we live in puts much emphasis on rights without being equally emphatic concerning responsibilities, the Board of Management asks all members of the school community to fully inform themselves with regard to their responsibilities. In that regard, the Board of Management reminds all stake holders of the duty of care, enshrined in legislation elsewhere, owed to teachers and students alike.

In recent years, various legislative acts set out with particularity, the rights and responsibilities of all citizens in the work place, including those who are part of a school community.

The vast majority of students accept the guidelines laid down for the proper managing of the school. Those who do not accept such guidelines are initially counselled, but if they continue to disregard the Code of Behaviour, they will be obliged to face the consequences of their actions. On very rare occasions, the Board of Management is required to adjudicate upon and effect the proper balance between the rights of the student to an education and the rights of other students to study in an appropriate environment and the rights of teachers to work in a context which gives dignity and respect to their work.

The school's Code of Behaviour has its basis in section 23 of the Education (Welfare) Act, 2000. The Code of Behaviour draws its criteria from the school's Characteristic Spirit and different legislative Acts passed by the Oireachtas.

The Board of Management has a responsibility to preserve and promote the characteristic Spirit in accordance with Section 15 (2) (b) of the Education Act 1998.

Salesian College Celbridge will also refer to its other school policies as listed below in relation to behavioural matter.

### **SUMMARY**

No school code of behaviour could possibly describe and pre-empt all possible behaviour scenarios. The list of unacceptable behaviours is not exhaustive. It is at the discretion of the school to merit / deem / be of the opinion that a “behaviour” is unacceptable. We will endeavour to implement these rules and regulations in as fair and as consistent way possible. However we understand and will at all times be considerate and understanding of specific circumstances.

The aim of this code is to ultimately promote and ensure good and cooperative behaviour from all of the school community. This code has been developed and designed following consultation, input and discussion with all the partners in education, teachers, parents (through the Parents Association) and students (through the Student Council) and the TUSLA. This code will be reviewed on an annual basis.
