

25/03/2022

Dear parents/ Guardians,

We are writing to invite you to attend our online Subject Choice Information presentation **Wednesday March 30^h at 7pm**. This talk will provide you with the key information which will help you to support your son in making this very important decision going into their Senior Cycle. Mr Kerins will also provide you with information on the night on how to access Subject Choice forms online and other relevant information for their completion.

Over the next few weeks subject teachers will be giving presentations on their individual subjects. The Guidance and Counselling Department will also be organising a presentation on the implications of subject choice for Third Level and an ICT workshop which will enable students to access online information and the resources they will need when choosing a subject. There is an excellent range of information available online so we will be encouraging students to share and discuss all this information with you. All information can be found on your son's school Teams accounts. Choosing a subject can be a difficult decision and it is vital that parents and guardians are part of this process and that your sons speak with you about their preferences at this time and keep you informed of any decisions they make.

We look forward to seeing you all on the night and should you have any questions please feel free to contact us at the school after the presentations and meeting. Thank you for your continued support,

Yours faithfully,

M. Kerins

Mr M. Kerins
