

Welcome to VShare

VShare is the School Management Software package we use in Salesian College. It is a cloud based platform that manages timetabling, attendance, assessments, and links our data with that stored by the Department of Education. It has a raft of other features one of which is Parents/Guardians accounts.

From this point on the use of the word Parents implies Parents & Guardians.

The student reports that will be generated following this year's November Assessment's, will be made available to parents online. There are a number of reasons for this change:

- Environmental reasons, less paper used.
- Many parents prefer online storage of documents.
- There is a considerable cost saving to the school that can be put to use elsewhere.
- It takes considerable time to prepare and print all the reports for posting.
- Parents can still print the reports if they require a paper copy.

Let's get started

You will receive a text message to your phone with a code and a brief message directing you to the school website and this document.

<http://www.salesianscelbridge.com/>

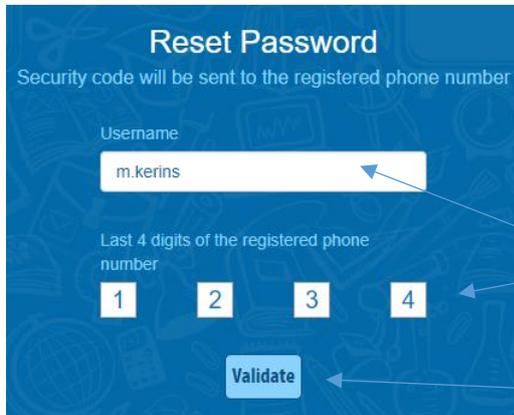

Once on our home page you will see the link to *VShare*. Click on the link and it will take you to the VShare login page.

You will need to activate your account.
Please click on the create reset password

The image shows a login page with a blue background and a SALESIAN logo at the top. Below the logo are two input fields labeled 'Login' and 'Password'. To the right of the 'Password' field is a link that says 'Create/Reset Password'. At the bottom right is a 'Sign In' button.

The image shows a 'Reset Password' form with a blue background. At the top, it says 'Reset Password' and 'Security code will be sent to the registered phone number'. There are two input fields: 'Username' with 'm.kerins' entered, and 'Last 4 digits of the registered phone number' with four boxes containing the numbers '1', '2', '3', and '4'. Below these fields is a 'Validate' button.

You enter the username you received in the text message to your phone and the last 4 digits of your mobile phone number.

Then Click validate.

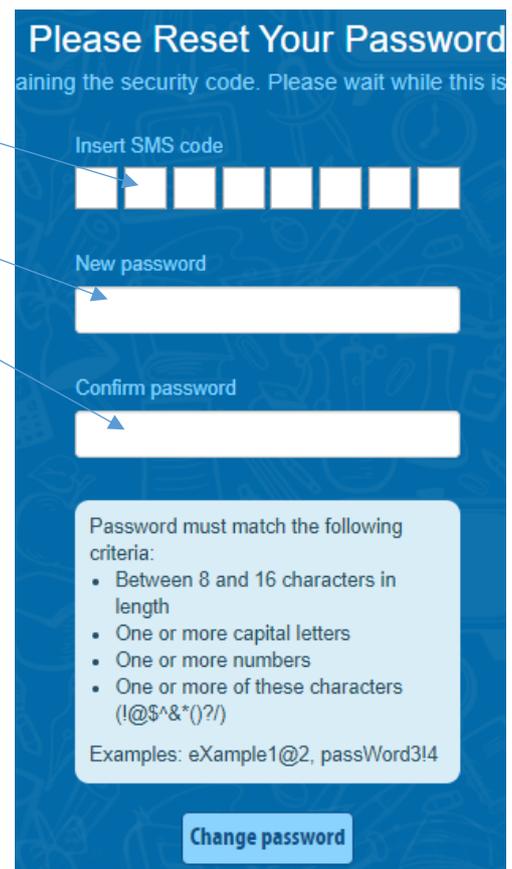

Insert the code that was sent to your phone

Then enter your chosen password

Confirm it by entering it a second time

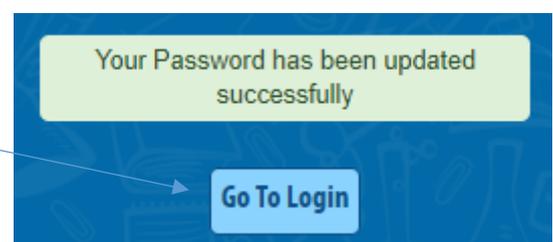

Password

- More than 8 characters
- One Capital letter
- One Number
- One of the following characters (! @ \$ ^ & () ? /)

The image shows a 'Please Reset Your Password' form with a blue background. It has three input fields: 'Insert SMS code' (a row of six empty boxes), 'New password', and 'Confirm password'. Below these fields is a 'Change password' button. A light blue box contains the following text: 'Password must match the following criteria: • Between 8 and 16 characters in length • One or more capital letters • One or more numbers • One or more of these characters (!@#\$%^&*()?)'. Below this box are examples: 'Examples: eXample1@2, passWord3!4'.

You will get a confirmation notice
Click on go to log on

The image shows a confirmation message on a blue background. A green box contains the text 'Your Password has been updated successfully'. Below this box is a 'Go To Login' button.

You are back to the login screen
Enter your user name and your new password
